Mothers! You Can Save Money on Boys' Clothing

Mothers often buy for their boys the lowest-priced suits they can find, believing this to be the most economical way; but it is not actually the case.

A garment cheaply or carelessly made gives out at some or all points so much sooner than the one thoroughly made that frequently two of the poorly made suits are worn out during the life of a good one.

Perhaps the good suit will cost more, but not twice as much. Therefore, in the course of a few months you have actually saved money on the better suit.

Of All Boys' Clothing EXTRAGOOD Has the Better Making
